

## SECY. DAVIS BLAMES OPERATORS FOR STRIKE

## TIE UP OF COAL MINES MAY NOT BE COMPLETE

KANSAS INDUSTRIAL COURT ORDERS MEN TO REMAIN AT WORK

SAID OPERATORS IN SIX STATES WILL OPEN MINES ON OPEN SHOP PLAN

(By United Press.)

Washington, March 31.—Blame for the nation-wide walk-out of coal miners now under way, rests on the operators, Secretary of Labor Davis declared in a statement which is accepted here as the official view of the government.

The operators, Davis said, have failed to fulfill their contract obligations to meet the miners in a national conference before April 1.

## COAL STRIKE SITUATION AT A GLANCE

Bituminous operators refused to renew wage contracts insisting on a reduction of wage. Anthracite miners and operators met in New York and as yet have been unable to reach any agreement. Effect: 600,000 miners out of work and fuel supply of the nation menaced by cessation of work in the greatest coal mines. Potentialities: Threats made by sympathetic union workers, especially rail laborers to go on strike to aid the miners with the remote possibility of a general strike.

Coal products in America dropped toward the zero mark today as miners began to walk out and join the great walk-out scheduled to be one hundred per cent effective at midnight.

However, there were developments which indicated the tie-up will not be so complete as union mine workers' leaders assert.

The Kansas industrial court ordered the men in their jurisdiction to remain at work.

Dennis Jackson, president of the scale committee in the Evansville Indiana district told his men to say at work pending drawing up of a new wage agreement.

Operators in the six states in the Mississippi district were considering reopening the mines immediately after the union men walk out, possibly under open shop conditions.

In Washington the labor committee had before it a resolution urging President Harding to call miners and operators in conference to avert, if possible, the coal strike.

**State Police Called Out**  
Charleston, W. Va., March 31.—State police were en route to mine fields of West Virginia today in preparation for any disturbance in connection with the national coal strike of union workers.

Non-union workers of West Virginia—a vital factor in the situation—will disregard the call to join the strike, according to reports gathered here today.

The "open shop" mines will fight the strike with increased production.

Union miners in Mingo and Pike counties, Kentucky, will walk out at midnight, according to David Fowler, international organizer.

**Last Minute Effort Fails**  
Washington, March 31.—Last minute efforts by congress to halt the coal strike failed today.

Two resolutions to be presented directly from the house labor committee to the president were to call a conference in Washington immediately of miners and operators with the principle of agreement on suspension of the strike for thirty days, were shelved.

In the senate, resolutions of Senator Calder of New York, asking the federal trade commission to make a comprehensive report on the situation, including charges of profit, were

## Sen. Frank B. Kellogg is Endorsed for Re-election

blocked by Senator Sutherland of West Virginia.

Defies Kansas Court

Lewis defied the Kansas industrial court today by declaring any order issued by it seeking to restrain the Kansas miners from striking will not be observed.

"The Kansas miners will strike at midnight, the same as miners in all other sections of the country," Lewis said.

## REVENUE CUTTER 'SURVEYOR' THOUGHT LOST IN A STORM

HAD 12 MEN ABOARD—WENT OUT TO CATCH BOOZE BOAT—RESCUE BOAT SENT

(By United Press.)

New York, March 31.—The revenue cutter "Surveyor" which left New York for Bayville yesterday, with 12 men to take in custody a yacht which allegedly has been used by bootleggers, has disappeared.

It is believed to have been lost in a storm which swept the coast. Among the officials aboard were Samuel R. Sanders, deputy surveyor of the region of New York.

The cutter Manhattan has been dispatched in search of the missing craft and the wireless is busy asking ships whether they saw the Surveyor or sighted any wreckage. Boats along Long Island Sound are being quizzed.

## CHURCH MEMBERS PASS 43 MILLIONS

MOST DENOMINATIONS SHARE IN RISE, COMPLETE OFFICIAL FIGURES SHOW

New York, March 31.—The church membership of the United States showed an increase of 761,727 in 1921, according to complete official figures. This census of the religious life of the United States was made by Rev. H. K. Carroll.

The grand total membership in 1920 was 42,761,479; for 1921 the figures read 43,523,206.

The gain is an excess over that of 1919, which was 767,007 reported in 1920. The Christian Herald says today:

"Most of the denominations share in the increase. The Methodist group appears to have grown to the remarkable extent of nearly 300,000. Nearly a third of this, however, is credited to the Colored Methodist Episcopal church.

The Presbyterian group advances by 2,649. The Welsh Calvinistic church disappears from the list of separate bodies this year, having been merged in 1921 with the Northern church.

"In the Baptist group the three large Baptist bodies, which are growing rapidly, are represented by the returns for 1920, for the reason that their statistical year is the calendar year and no figures for 1921 are available.

"The Free Baptist body no longer appears as a separate organization. It has been in the process of merging with the Northern Baptist convention for several years, and has now practically disappeared. If Baptist increases for 1921 were included the total of gains in 1921 would almost certainly reach 850,000.

"The Salvation Army appears with a remarkable increase, 59,247. The net gain of the Lutheran group is about 18,000. The gain of the Roman Catholic church appears much smaller than usual. In 1920 it was 127,579; this year it is under 50,000, the smallest figure reported in many years. The Disciples of Christ registered an advance of nearly 24,000.

"The Latter Day Saints, Utah branch gained 45,000, and the Reorganized church 2,496. The increase of the Protestant Episcopal church is 5,768, which is rather under its usual gain. "The United Brethren in Christ makes an advance of 13,245 and the Evangelical association and United Evangelical church of 4,617."

## FOUR STATE POLITICAL CONVENTIONS BEING HELD TODAY

REPUBLICAN, DEMOCRATIC, NON-PARTISAN AND WORKING PEOPLES CONVENTIONS

CANDIDATES ARE TO BE ENDORSED AND PARTY POLICIES DETERMINED

(By United Press.)

St. Paul, March 31.—Four state political conventions in the Twin Cities today laid their policies for the November campaign.

The republicans were expected to endorse Senator Frank B. Kellogg for re-election, and endorse the present state's administration, with one or two possible exceptions.

The democratic meeting in Minneapolis this afternoon had no pronounced candidates. It was anybody's race, apparently.

The non partisan meeting late this afternoon, have a number of policies to thrash out before naming a candidate.

The Townley "balance of power" plan was to come before the convention, but it was not expected to get even as much support as in the North Dakota convention.

The working people's non-partisan political league meeting in Minneapolis also was expected to cooperate with the non-partisan league and make duplicate endorsements.

One interesting problem before the democratic convention was the beer and light wines question which is sure to be introduced. There will be a hard fight on a wet plank on the platform.

**Volstead and Kvale in Seventh**  
Wilmar, Minn., March 31.—Representative Andrew J. Volstead and Rev. O. J. Kvale were lined up against each other in the Seventh district race for congressman today.

Volstead was unanimously endorsed for re-election by the republican convention. Rev. Kvale was endorsed by the democrats. They opposed each other two years ago. Kvale secured a majority for nomination in the primaries, but was disqualified from being a candidate.

**Endorse Woman Candidate**  
Shakopee, Minn., March 31.—Democrats of the third district endorsed Mrs. A. K. Gault, prominent dry leader, for congress.

Then the convention adopted a plan calling for alteration of the Volstead act to permit light wines and beer. Mrs. Gault announced she would not support that plank. It went into the platform, just the same.

## IRISH EXTREMIST SEEK TO SHATTER PEACE AGREEMENT

MADE YESTERDAY BY PERPETRATING NEW OUTRAGES AND MURDERS IN BELFAST

Dublin, March 31.—Irish extremist troops strove to shatter the peace agreement today.

Word that the compact signed last night in London by Sir James Craig, Ulster, and Michael Collins for the southern provisional government, had scarcely reached Ireland before fresh outrages broke out anew.

One policeman was killed and two wounded in Belfast early today. Incendiary fire broke out in all parts of the city. Bombs were hurled into groups of firemen. In a stone battle one constable and two civilians were injured.

The peace agreement, signed by Craig and Collins required the northern government to restrain unionist murder gangs apparently bent on sweeping out the Belfast Catholic population, while Collins promised that the Irish Republic extremists should be curbed.

## SLEET AND SNOW STORMS IN MICHIGAN CAUSE GREAT DAMAGE

(By United Press.)

Chicago, March 31.—Damage amounting to more than \$2,000,000 was caused by the sleet and snow storm which swept Michigan the last two days, it was estimated by wire and railroad officials today.

## DRYS SMOTHER WETS IN DEMOCRAT STATE CONVENTION

EX-GOV. LIND, BONE DRY ADVOCATE, IS ELECTED CHAIRMAN

Minneapolis, aMreh 31.—The dries overwhelmingly smothered the wets at the opening of the Democratic state convention here.

Former Governor Lind of Minneapolis was named chairman. He is a "bone dry".

Howard Everett of St. Paul was named national committee man by a vote of 38 to 19 over Frank A. Day of Fairmont. This was done by the state central committee.

Dry democrats were prepared to smother the beer and light wine advocates at the convention, and were determined to prevent adoption of a platform plank such as the third district convention at Shakopee adopted yesterday.

## SENATE RATIFIES LAST OF TREATIES OF ARMS PARLEY

SPEEDY ACTION WAS SURPRISE TO ADVOCATES—VOTE UNANIMOUS

Washington, March 31.—The senate completed its part of the arms conference program today by giving its approval of the last two treaties of the group of seven submitted to it for ratification.

On the final ratification roll calls the affirmative expression of senate opinion was all but unanimous. Not a single vote was cast against the far eastern treaty, drawn to guarantee a new bill of rights to China and there was only one dissenting voice when the constitutional "advice and consent" was given to the pact for revision of the Chinese tariff. The totals, respectively, were 66 to 0, and 58 to 1.

The momentum with which the ratification pact was swept to a conclusion exceeded the expectations of the administration leaders who had not hoped to end the debate before tomorrow night. By the day's accomplishment the senate set a new record for action, four far-reaching international covenants having been ratified within two days, and six within the last week.

## TWO KILLED IN HOTEL FIRE; 20 REPORTED INJURED

(By United Press.)

North Adams, Mass., March 31.—Two persons were killed and twenty injured when fire partially destroyed the Richmond hotel here early today.

The dead are George Wheeler, 50, and Ellen G. White, 70.

## CHICAGO FINANCIER COMMITS SUICIDE

(By United Press.)

Chicago, March 31.—William Benton, wealthy Chicago financier, committed suicide today by jumping into Lake Michigan.

Benton drove to the place in a taxi. As soon as the taxi-man disappeared, he apparently had jumped into the icy waters. Ill health was given as the reason.

## WERE THE SIAMESE TWINS ONE PERSON OR TWO ENTITIES

ON THE QUESTION DEPENDS WHAT DISPOSITION WILL BE MADE OF THEIR FORTUNE

(By United Press.)

Chicago, March 31.—Doctors here today clashed over the question: "Is Frantz Blazek the son of Rosa, or of both of the Siamese twins who died here yesterday?"

On the question which will be thrashed out in Cook county probate court, will penq disposition of the estate of \$100,000 left by the twins.

Rosa and Josefa Blazek, known the world over, died here yesterday. Dr. Benjamin Breakstone stated today that Rosa was the mother of Frantz. He said the twins must be considered as different entities. Dr. C. W. Briggs holds that Frantz is the offspring of both sisters, as they cannot be considered as two complete persons. In case it is decided Rosa is the mother, Frantz will be bequeathed \$50,000, and Josefa's fortune will be sent to her family.

In event it is decided that Frantz is the son of both the twins, the entire \$100,000 will go to him.

Attempts to obtain a court order to conduct a post mortem to establish the parentage of Frantz will be made. This was refused by Frank, a brother of the twins to allow the sisters to be separated in the interest of Frantz.

## NONPARTISANS WILL CONSOLIDATE

(By United Press.)

Minneapolis, March 31.—Consolidation during the coming election of the nonpartisan political leagues was fast developing at two conventions here.

No definite action regarding possible candidates was taken. The general sentiment was that this would be deferred until late today until the republican convention is over.

A. C. Welch of Glencoe suggested action on candidates be postponed "until the state managerie in St. Paul is over."

Delegates to the nonpartisan convention were expected to endorse in part the Townley "balance of power" plan. It had not been definitely decided, however, whether the league would put candidates of its own in the field.

The nonpartisans were expected to endorse O. J. Kvale, of Benson, who will run against Representative Volstead in the seventh district. They were also expected to endorse W. L. Carrs of Duluth.

## Townley Is Freed Of Embezzlement Charge

(By United Press.)

Fargo, March 31.—Arthur C. Townley was free of court strings again today.

The nonpartisan leader was freed of the charge of embezzlement late Thursday when the state asked dismissal of the action brought against him here.

Townley, charged with having induced J. J. Hastings of the Scandinavian-American bank to give an illegal note for \$3,000. When the note was certified he did not believe embezzlement had been proven, the prosecutor asked dismissal of the case.

## FRANCE RECOGNIZES AMERICAN CLAIM FOR ARMY COST

(By United Press.)

Paris, March 31.—The French government today presented Ambassador Erick a note in which France recognized the validity of the American claims to a share in the cost of maintaining the army of occupation on the Rhine.

The note does not accept the American claim to payments on an equal time with the allies. Regret is expressed that American troops have been withdrawn from the Rhine.

## RAILROADS CENSURED FOR PAYING EXCESSIVE COSTS FOR REPAIRS

(By United Press.)

Washington, March 31.—The interstate commerce commission in a decision today publicly condemned the Pennsylvania and New York Central railroads for paying excessive costs for repairs on their equipment at shops other than their own.

## CONGRESSIONAL CANDIDATES WERE NOMINATED YESTERDAY

REPUBLICANS ENDORSE PRESENT INCUMBENTS EXCEPT ONE—DEMOCRAT NOMINEES

(By United Press.)

St. Paul, March 31.—Republicans and democrats are checking candidates for congressmen today, and were preparing to endorse for state officials and the United States senator.

With one exception, the republican congressional district convention yesterday endorsed incumbent republican congressmen. That exception was in the district where Reuben Thoreen won a hard battle over Congressman Davis and August Anderson of Red Wing.

Democrats named congressional candidates in only six of the districts. Mrs. A. K. Gault was named in the third district to oppose Thoreen. Daniel W. Lawler was named by the fourth district convention. Others are, first district, Dr. J. F. Flynn; seventh, O. J. Kvale, eighth, W. L. Carrs, and tenth district, J. P. McDonnell.

## VETERANS' BONUS CLAIMS RECITED

MEN ENTITLED TO ADJUSTMENT EQUAL TO WAR LABOR PAY, VAN DYKE DECLARES

Minneapolis, March 31.—Contending the adjusted compensation bill has support of a majority of legionnaires, A. A. Van Dyke, St. Paul, commander of state department of American Legion, said today the legion believes the economic lot of a soldier who offered his life should be made approximately equal to that of a laborer who remained at home secure from danger, receiving wages two or three times that of the soldier.

He said the present bill does not provide a bonus, not a gratuity for patriotic services rendered, but makes an appropriate adjustment of economic losses sustained by reason of service.

Australia, he said, which paid its privates \$42.50 a month, has paid them an average of \$98.42 in adjusted compensation; Canada, which paid privates \$33 a month, has paid an average of \$600 to each in compensation, and France, England, Italy and Belgium also have paid cash compensation.

"If we had all the money big business has spent to beat adjusted compensation we wouldn't be as badly off as we are," Commander Van Dyke declared. "The truth about the bill which just passed the house was obscured by propaganda of the financial interests which opposed it."

Commander Van Dyke said he believes it is the duty of congressional leaders to decide how the claims should be paid. He said the United States is financially better off to meet its obligation to its fighters than the Allied nations which owe the United States a total debt of approximately \$11,000,000,000.

"In the present war it will be remembered the soldier had nothing to say about his enlistment or his compensation after he enlisted," Commander Van Dyke said. "His pay was arbitrarily fixed at \$30 a month. Today the soldier has the first chance to be heard on his own compensation. Give him a square deal and he will appreciate and remember."

## BY REPUBLICAN STATE CONVENTION THIS AFTERNOON

RECEIVED 713 VOTES ON FIRST BALLOT TO 228 FOR HALLAM, LEACH 89

CONVENTION MET AT 11 A. M., ORGANIZED AND PREPARED FOR NOMINATIONS

(By United Press.)

St. Paul, March 31.—Senator Frank B. Kellogg was endorsed for re-election by the republican state convention late today. Vote at the first ballot only known, Kellogg 713, Judge Oscar Hallam 228, George E. Leach 89, Governor Preus 13.

Rockne Elected Chairman

St. Paul, March 31.—Senator A. K. Rockne of Zumbrota was unanimously elected chairman of the republican state convention at 11 a. m. today in the St. Paul auditorium.

Senator Rockne was a Hallam supporter during the senatorial campaign.

He also presided at the elimination convention here two years ago which endorsed Governor Preus and other state officials to make the fight against the nonpartisan league.

The governor and Senator Kellogg had seats on the platform at today's session. They came to the auditorium from the St. Paul hotel.

Committees Named

The first committee named was that on resolutions consisting of two members from eight of the ten congressional districts.

Delegates from each district selected their committee members. Resolutions were framed at a meeting of the party leaders last night.

Senator W. A. Nolan presented them to the convention this afternoon in order that the committee might prepare its report.

The convention recessed until 1:30 this afternoon.

During the recess, delegates from each congressional district started to elect their two members. Resolutions to be adopted this afternoon deal principally with agriculture.

Nearly everything asked for by the farm bureau federation is guaranteed enactment into law if the convention candidates are elected this year.

The prohibition question was not directly referred to. One of the resolutions asserted their belief in the enforcement of the laws.

The convention, scheduled to start at 11 a. m. was half an hour late getting under way. Endorsing of candidates was the first business after the noon recess.

## BROADWAY SHOW IS STRANDED AT ST. PAUL

(By United Press.)

St. Paul, March 31.—The angel of "Broadway Scandals" was flat on his back today, and chorus girls are scanning the road maps for walking conditions.

Chester Paul Wolfe was the angel. Just a boy—son of a wealthy Indianapolis widow—Wolfe backed the scandal and lost \$38,000 since January, according to reliable reports.

The show closed Wednesday matinee when stage hands struck for their wages. Wolfe wired his mother for money to pay off the company, and is said to be still waiting for it.

He is only 26 years old, and was elected a state senator in Indiana when he was 22.

## PORTUGUESE AVIATOR REACHES CANARIES

(By United Press.)

Lisbon, Spain, March 31.—Word from Las Palmas in the Canary Islands early today said the Portuguese aviator who completed the first 1,000 miles of their journey were preparing for the second leg. They will fly to the Cape Verde Islands from the Canary Islands.

## THE WEATHER

Forecast for next 24 hours:  
Minnesota—Generally fair  
tonight and Saturday. Warm-  
er Saturday.

Cooperative observers record:  
Mch. 30—Maximum 30 above  
minimum 12 above. Reading  
in evening 25 above. South-  
east wind. Clear. Trace snow.  
Mch. 31—Minimum during  
the night 20 above. At noon  
38 above. Southeast wind.  
Cloudy.

circle of Mr. and Mrs. M. P. Maunias  
of 514-1/2 South Third street March

Make a Loganberry Pie and Hear the  
Yum Yum's Around the  
Table

Hiawatha Brand Loganberries make  
splendid pies as well as being a splen-  
did sauce for dinner or supper.

The Loganberry is one of the finest  
fruits grown in California. It has  
a lovely flavor and taste all its own.  
It is a cross between the raspberry  
and blackberry, combining the qual-  
ities of both through scientific graft-  
ing.

The Loganberry is about as large  
as and is shaped like the blackberry,  
and has the color of the raspberry.  
The lovely taste and flavor are to be  
found in no other berry.

Hiawatha Brand Loganberries  
make most wonderful pies but they  
make still more wonderful pies.

If you want something different for  
your table send for a can of  
Hiawatha Brand Loganberries.

Hiawatha Brand is the best qual-  
ity packed.

No 2 tins, 35c. 3 cans \$1.00

served during the afternoon and eve-  
ning. 11

## HIGH SCHOOL DEBATE

Resolved that Brainerd Should Adopt  
City Manager Plan of Government,  
Constitutionality Granted"

(Contributed)  
Six students of the high school are  
working hard on a debate to be given  
Wednesday evening, April 5. The sub-  
ject is "Resolved, that Brainerd  
should adopt the city manager plan of  
government; constitutionality Grant-  
ed."

Brainerd has some active pro-man-  
ager and anti-manager enthusiasts.  
Hundreds of others will welcome this  
opportunity to hear these high school  
students present the arguments pro  
and con. A thousand more ought to  
hear the debate, because the question  
is a real issue in the city and will be  
even more so in the years ahead.

The debaters are among the best  
students in the school, and are chosen  
from last semester's classes in Civics.  
For a month they have been whipping  
into shape unanswerable arguments  
on both sides, and smashing answers  
to all arguments by their opponents.  
Let's go.

The "Aquitania's" Great Spurt  
It may be news to delivers into  
speed statistics that during a recent  
spurt by the Cunard Line giant, the  
"Aquitania," this great oil-burning  
steamer made a record of 27.40 knots  
per hour for four hours. This is  
equivalent to 31 land miles per hour.

## First Steel Vessel

Built in 1881, the "Servia" of the  
Cunard Line was the first steel ves-  
sel. Iron steamers were built as early  
as 1843. The "Servia" was the fore-  
runner of the modern ship. She was  
525 feet long and had a gross ton-  
nage of 7,392 tons.—John Carlson,  
Agent, Brainerd, Minn. 11

## EXPLAINS RELIEF WORK IN GERMANY

Mrs. Elizabeth Tausch of Philadelphia Spoke at Lyceum Theatre on Tuesday Evening

### MOVIE PICTURES ARE SHOWN

Germany Divided into Eight Districts in Each of Which is a Headquarters Building

In a very appealing address before a large audience in the Lyceum theatre Thursday evening, Mrs. Elizabeth Tausch of Philadelphia, field secretary of the \$3,000,000 German Child Feeding Campaign urged fathers and mothers to support this campaign and save thousands of children in Germany, who are dying for the want of food.

In opening her address, Mrs. Tausch told of how she became a member of the Quaker Relief Work following the signing of the Armistice. Prior to the United States entering the war she was a teacher in Germany and remained there during the entire war.

At the close of the war she traveled through various parts of Germany studying the stressing cause of hunger and starvation. As a teacher, being among the children daily, Mrs. Tausch learned the exact conditions and upon being asked by the Quaker American Association to aid in raising funds to keep the children clothed and fed through the year in 1922, the charity worker decided to make a tour of the United States and ask Americans to help her.

She explained why the conditions were so terrible at this time. During the war only small portions of food were allowed each family. After the war, only the people who had the money could buy food as the prices were too high and consequently the middle class of people are the ones that are suffering. It was for the children of the middle classes that the speaker was urgently asking for help. She cited an instance of a school where she had taught where the children nine and ten years of age gradually lost their memory. The reason for it was they did not have the proper kind of brain food, when their brain cells were developing. That is the importance of nourishing food for growing children.

It is expected that a committee will be appointed in Brainerd to conduct a campaign, which it is hoped will do its quota in raising the \$3,000,000 in this country. The German government will be able to pay \$2,000,000 but there are 500,000 war orphans to be cared for and outside help will have to be obtained.

Following the lecture a movie film was shown depicting vividly the way in which the war orphans are taken care of. Pictures were shown of the food leaving the New York harbors and shipped directly to the famine land.

Germany has been divided into eight districts and in each one there is a headquarters building where the

## PROCLAMATION

Know All Men, Women and Children by These Presents:

That, Whereas the National Clean Up and Paint Up Campaign has resulted in many advantages to community life throughout the United States in relieving Unemployment; in safeguarding Health; in promoting Thrift; in furthering Fire Prevention; in stimulating Civic Pride; and in making the home and Brainerd beautiful.

Now, Therefore, be it known that plans have been perfected for a thorough Clean Up and Paint Up campaign in Brainerd and continuing in a real campaign of persistent and constructive effort in cleaning up and keeping it up.

In this worthy movement we urge each citizen to do his or her part to make Brainerd Clean, Healthy, Safe and Beautiful.

Signed, FRANK E. LITTLE,  
Mayor of Brainerd.

food is prepared, cooked and sent out in large vacuum cans to the home of the orphans. It also showed the schools, where hundreds of children were housed, fed and clothed.

The Quaker American Association has also built a home for girls between the ages of 14 and 18, who are working, where only a small fee is charged for their food.

### Bethlehem Men's Club

A debate will feature the program tonight at the Bethlehem Men's club on the question "Shall the water be extended to West Brainerd and the Mill districts." P. M. Zakariassen and A. M. Opsahl will champion the affirmative, A. L. Anderson and Rev. O. S. Winther the negative. You are welcome to our meeting. H. H. Rosenberg and C. N. Erickson will entertain.

### Surprise Party

Mrs. Mary Hill of First Avenue, N. E. was pleasantly surprised by a gathering of neighbors at her home on Thursday afternoon. Mrs. Hill is soon to leave for her future home, in Green Bay, Wis., and the gathering was in the nature of a farewell. Light refreshments, in keeping with the lenten season, were served in the late afternoon.

Mrs. Hill was presented with a lovely pocketbook by the ladies, the presentation speech being made by Mrs. Herbert, who paid a graceful

### The KOHLER Automatic produces 110-volt current

The Kohler Automatic Power and Light Plant produces standard 110-volt electricity, and therefore allows you to use the same standard electric light bulbs and appliances used in cities. These appliances are available everywhere and cost less than those of lower voltage.

Coupled with this advantage of the Kohler Automatic is the feature of "no storage batteries." This does away with the trouble and expense of maintaining a large bank of glass-cell storage batteries. The only battery used with the Kohler Automatic is a small, automobile-type, for starting the engine.

Thus the Kohler Automatic gives you all the advantages of city electricity with the same convenience—simply turn any button on the circuit and you have electricity for power or light. Send for illustrated booklet. Come in and see the plant in operation.

### Result of Jewish Relief Appeal in Brainerd

The sum collected in Brainerd was \$1,908.43, which was forwarded to the state chairman, J. A. Schanfeld of Minneapolis.

The committee wishes to express its sincere appreciation of the generosity of the Brainerd citizens.

Thanks are also extended to the Brainerd Ministerial Association, for its influence and assistance; to G. D. LaBar, for his efficient services as treasurer; to the different workers in the five wards, who so willingly assisted in the collections, also the committees who canvassed the business district.

Signed,  
HENRY I. COHEN,  
Chairman

### RED RIVER PRESBYTERY

Will Meet in Brainerd April 11 and 12—Fourteen Ministers and Ten Laymen to Attend

The Red River Presbytery will meet in Brainerd on April 11 and 12 with Moderator R. L. Barr of Clitheral presiding. There will be 14 ministers and 10 laymen in attendance. These meetings are held semi-annually, in spring and the fall. There are 28 churches in the pres-

bytery. A clerical and a lay commissioner will be elected to the general assembly which convenes in Des Moines in May.

## BREAKS up FEVER

A chiropractor would rather get a fever case than anything else.  
Why? Because it is a common thing for fevers to break up after one  
or two adjustments have been given.  
Fever is excessive heat brought about by certain subluxations; as soon  
as the subluxations are adjusted and Nature can work normally again,  
the fever disappears.  
See your chiropractor. Consultations and spinal analysis Free.

"Lissen, Peggy  
every mudder  
gives her hiddies  
KELLOGG'S be-  
cause you can eat  
great big bowls  
an' they taste  
good-er an'  
they're all crispy  
an' dandy!"

You never  
tasted Corn Flakes so  
joyously flavored, so  
crispy-crunchy as Kellogg's

That's why big and little folks who know the difference  
insist upon KELLOGG'S! The thing to do is to  
make comparison—Kellogg's against any other kind of  
corn flakes you ever ate! If it's quality, or all-the-time  
crispness or delicious or appetizing flavor you want—  
well, just wait till you eat Kellogg's! And, what a de-  
light to know they're never leathery!

You'll get so cheerful about Kellogg's that the day's  
best hours will be when it's time to sit down with the  
family in front of generous bowls all filled most to burst-  
ing with those big, sunny-brown Corn Flakes! Never  
was a better time than tomorrow  
morning to prove that KELLOGG'S  
Corn Flakes are about the "gladdest  
of all good things to eat."

Insist upon KELLOGG'S—the  
kind in the RED and GREEN pack-  
age—if you want to know how won-  
derfully good corn flakes can be!

## A SCHOOL BOOK SENSATION

THE AVERAGE American will no doubt be surprised to learn that in the public schools of the national capital an American history text is forced upon students by the educational authorities, in which, the National Republican declares, "there is partisan propaganda against the protective policy, Socialism is favorably presented, class hatred is inculcated, Congress is attacked, the American revolution is minimized, and an excellent background for political radicalism is established in the minds of the young people who are required to read partisan opinions as a substitute for historical facts." And in the same public schools in the city of Washington a collection of Woodrow Wilson's speeches comprised two-thirds of a text book introduced as a text in English under the title of "Studies in Democracy."

The National Republican, in a recent issue, published over two columns of extracts from this history, "for the purpose of showing that it is entirely unsuitable for the schools of any city, particularly those of the national capital." The disclosures have created a profound sensation, and citizens' meetings have been held and resolutions adopted demanding that the book be withdrawn as a text book in the public schools.

Following the recent revelation that in New York City a number of text books in history were being used in which an effort is made to slur over facts that would contribute to the growth of national loyalty among students, this situation indicates the necessity of a survey by school patrons everywhere of the text books, especially in history and civics, prescribed for their children, with a view to knowing whether the schools are being used as vehicles of propaganda against the fundamentals of Americanism.

## MR. WILSON'S VAIN HOPE

FORMER President Wilson, in a telegram to Minnesota Democrats a few days ago, expressed his "confident expectation that the party will soon be re-established in power and in a position to render renewed service to the liberal forces of mankind throughout the world."

'Tis a vain hope. Mr. Wilson's statement, of course, means that the United States will soon enter the League of Nations and thereby pledge its military and other resources to the service of other countries. But fortunately it is an exceedingly small minority that shares Mr. Wilson's aspirations. The present administration is dedicated to the service of the people in the United States, and is effectively carrying out that policy. Incidentally, however, opportunity is often found to render service to other peoples, through the Armament Conference, Russian relief, etc.

## NORTHWEST ECONOMIC CONDITIONS

THE MONTHLY survey of crop and business conditions in the Northwest just issued by the Ninth Federal Reserve Bank shows further improvement in economic conditions in the Northwest. The report states, in brief, that financial conditions are improved, unemployment decreased, crop acreage prospects are better, merchandise distribution increased, wholesale trade was greater, and lumber and mining operations were stimulated.

Decreased interest rates, a 1 per cent increase in living costs, better prices for farm products, increased flour production, fewer business failures and larger postal receipts in St. Paul, Minneapolis and Duluth were also noted.

## DEMOCRATIC BOOMERANGS

THE RESULT of the recent special election for a Congressman in Maine reveals the harmless effect of the Democratic shafts hurled from the National Capitol and other political centers. Senator "Pat" Harrison might as well save his breath as to waste it in his periodic outbursts against everything bearing the stamp of Republicanism. He and other demagogues of his stripe should cast about for some new plan of attack. It is quite apparent that the line they have been following so far leads only to their own defeat.

## INCOME TAX COLLECTIONS DROP

THE INCOME tax collections for the period ending March 15, as generally feared, indicate that there will be a Treasury shortage from that source for 1922 of \$200,000,000 below the estimates heretofore made. This big drop in receipts will of course seriously retard the Treasury program for reducing the national debt, and refunding the obligations that come this year and next. But it cannot be helped.

THE STATE AUDITOR's office this week mailed to municipalities and counties of the state 1,000 warrants totalling \$110,702, for money collected for cigarette licenses. All licenses paid are returned to the vicinity in which the payment was made, no percentage being retained by the state.

BOTH the Ramsey county and the Stearns county Democratic county conventions instructed their delegates to the State convention to demand a plank in the party platform urging the repeal of the Volstead prohibition enforcement law.

A STATEMENT issued by the Census Bureau shows that Minnesota's foreign born white population 10 years of age or over was 482,230 in 1920, and of this number 28,311 were unable to speak English, a percentage of 5.9.

THE MARTIN County Democrats, in their county convention at Fairmont, endorsed Frank Clague, Republican congressman, for re-election. His vote against a Republican protective tariff turned the trick.

FRANK E. LITTLE

Brainerd Mayor Setting in Motion  
Clean Up and Paint Up  
Campaign

## Annual Meeting of Evergreen Cemetery Association

To the lot owners of Evergreen Cemetery—please take notice that an Annual Meeting of Evergreen Cemetery Association will be held at the Probate Court Room (in the New Court House) on the evening of the 4th day of April, at 7:30 o'clock.

Every lot owner is a member of this association and is entitled to a Vote for the election of three trustees and any suggestions that may be for the best interest of said association.

Any and all who take an active interest in the last resting place of dead are requested to attend this meeting.

Respectfully yours,  
E. P. SLIPP,  
President

J. T. SANBORN,

Secretary.

Dated at Brainerd, Minn., this 30th day of March, 1922.

## Cunard Paddle-Wheeler Made 14

## Knots

As a matter of comparative statistics, it is noteworthy that the old "Scotia" of the Cunard Line, a paddle-wheel vessel of sixty years ago and a record holder of her time, made a speed of 14 knots. The record holder of today, the oil burning Cunard Liner "Mauretania," with her quadruple screw, turbine-driven propellers, has made the trans-Atlantic passage in four days, ten hours and eleven minutes.

## "Albania" Not Named for Albania

One of the unique ships that ply on the great Atlantic ferry is the "Albania," carrying cabin passengers only and giving them the full run of the ship. Although her name is the same as that of one of the Balkan states, she nevertheless takes her name from the highland region of Scotland, and known in ancient days as Albania. This unique Cunarder has been transferred to the Company's new Canadian service and sails between Montreal and Liverpool.—John Carlson, Agent, Brainerd, Minn.

## MUNICIPAL COURT IS A BUSY PLACE

So Many Cases Up Each Day, With Defendants and Witnesses and Spectators, That It

### TAXES COURT ROOM CAPACITY

Friday Morning Several Cases Were Called and Continuances Were Granted by Judge Warner

The municipal court room is a busy place every morning. Friday morning the room was filled with defendants and witnesses and spectators anxious to hear some of the so-called "moonshine" cases. Continuance were granted by Judge J. H. Warner.

That the court is a busy arm of the law and that the mills of justice are grinding daily with their grist of cases, here is a calendar of cases set for the week commencing April 3:

April 3, 10 a. m. Joe Sigetty.  
April 3, 10 a. m. Herman Schubel. (Or if not tried this date, will be tried Wednesday 2 p. m.)  
April 3, 2 p. m. Walter Winters.  
April 4, 10 a. m. Walter Samuelson examination. Charged with receiving stolen property.  
April 5, 10 a. m. O. H. Gram.  
April 6, 10 a. m. William Gray.  
April 6, 2 p. m. Art Sartwell.

These are of course continued cases and of course cannot take into account other cases which may develop and be brought up in the future.

The cases brought against Gram, Sigetty, Winters, Schubel, Gray and Sartwell are brought under an old ordinance of the city of Brainerd dated 1882 and the offense complained is "exercising and engaging in the occupation and business of selling an intoxicating, moonshine whiskey, said business being dangerous, hurtful and offensive to the neighborhood".

Gray has secured M. E. Ryan of Ryan & Ryan as his attorney. Gram is represented by Swanson & Swanson.

## TRAMP REGISTER KEPT AT JAIL

During January, February and March This Year Lodging Was Given to 53 Wayfarers

### GENERALLY TRAVEL LIGHT

Only Four Married Men in This Motley Crew, Ages of "Boys" Ranged From 15 to 72

There is one phase of humanitarian work carried on by the city which very seldom gets a mention, and that is the free "flops" accorded deserving "boes" traveling through Brainerd. These wayfarers have met misfortune in one way or another, and a bed is appreciated.

During the months of January, February and March the city permitted 53 to sleep in the jail cots. A regular register is kept at the office of the chief of police, giving name of tramp, home, destination, age, single or married, property carried, etc.

In January 13 stopped at the jail, February 4 and March 36. Ages of the men ranged from 15 to 72. Only four married men were recorded in the 53.

The large proportion traveled light. Not one had a cent of money. Some had a few belongings. Three had pack sacks. One had a shaving outfit, one a razor and knife; one carried a fountain pen, kodak and razor; one had a razor; one a safety razor; two had suit cases and clothes; one boasted a shaving set.

Nine were accommodated at the jail Thursday night. Of this quota one was from Minneapolis, one from Fargo, one from Duluth, one from Dickinson, N. D., one from Ironton and four from Pierz.

## STORK LEADS IN RACE WITH REAPER

Vital Statistics of Crow Wing County Gives 789 Births in 1921, Deaths at 283

### FACTS GIVEN AS GLEANED

From Certified Report of Births and Deaths of A. J. Chesley, Executive Health Officer

The stork, which is just as important a bird in the economic life of the nation as the eagle flapping on the silver dollar, has out-distanced the Grim Reaper in Crow Wing county when it comes to vital statistics. The births in this county during 1921 numbered 789 and the deaths 283.

Deducting deaths from births, the county's population was increased by 506 last year.

These facts were gleaned from the certified report of births and deaths sent to Clerk of Court W. A. M. Johnston by A. J. Chesley, executive health officer and state registrar.

**Missionary Society**  
The Missionary society of the First Congregational church will hold its regular monthly meeting Tuesday afternoon, 3 o'clock, at the home of Mrs. Irma C. Hartley, 310 5th street, North.  
Mrs. Hartley, as leader, will direct the class through "Latin America," the base of study being found in Chapter V, "The Kingdom and the Nations".

## HOSE CO. NO. 2 42ND ANNUAL BALL

Staged on Monday Evening, April 17 at the Gardner Auditorium. 5 Piece Orchestra Playing

### DANCE COMMITTEES IN CHARGE

Archie Falconer Chairman of Floor Committee, Silas Hall Heads the Reception Committee

Hose Company No. 2 of the Brainerd Fire Department on Monday evening, April 17th, will give their 42nd annual ball in the Gardner auditorium.

The committees in charge are as follows: Archie Falconer, Frank Fuller, Vern White will manage the floor.

Silas Hall, Peter Remmels, Jake Muller compose the reception committee.

Fred Reinhardt, Wallace Eastman, Robert Peterson, John Mutch and Mark Hanson will take care of the serving of refreshments and checking of wraps.

The music will be furnished by a specially selected orchestra composed of five pieces accompanied by a vocal soloist.

The committees are certain this dance will equal in prestige that of any of its predecessors and will no doubt be one of the most prominent social occasions of the year. The tickets will be priced at \$1 with no charge for extra ladies.

### DIVORCE GRANTED IN AITKIN

Frank A. Choudeck Granted Decree in Action Started by His Wife

In the divorce case of Alma Choudeck vs Frank A. Choudeck, heard by Judge B. F. Wright at Aitkin, the defendant was ordered a divorce on the grounds of adultery, and the decree entered. Judge Gustav Halvorson of Brainerd represented the defendant. There was no appearance on the part of the plaintiff. The case was tried on stipulation.

### WHEN YOU HAVE YOUR BOAT

Built in BRAINERD, you can, during its construction, come to the "shop" every day and see just what kind of material and workmanship enters into it.

### "LEWIS"

Is always glad to explain things, and you "sorta" become familiar with its "insides" this way and you'll like it all the better. You can see the finished product at

## Easter Dresses

Have you ever seen such attractive dresses as Dame Fashion is advocating this year? They call forth the oh's and ah's and "how I would like to wear that." We added some more this morning for you to see Saturday. And, that you may get a quick glimpse at them we have put some of the new ones in our windows.

## Easter Suits

There never was a year when a greater variety of styles in suits was shown than are shown this year. The plain tailored suit, the box suit and fancy suits are shown in abundance to select from. Saturday is an opportune time to select your Easter suit.

## Easter Coats

Polo coats are so practical and so much in favor this year. And women, particularly young women, are buying them freely. The more dressy garment is the wrap or wrappy coat. And it is pleasing to see how quickly it makes friends. The color assortment is as varied as the assortment of styles. May we show you?

## AMUSEMENTS

**"Her Mad Bargain" at New Park**  
 "Her Mad Bargain" the Louis Mayer-First National attraction starring Anita Stewart at the New Park tonight and Saturday is unique because it has many twists that make it stand out among the season's offerings.

Alice Lambert, protegee of wealth, is suddenly deprived of every comfort and luxury she has known. Without any training in the practical things of life she is forced to a miserable existence haunting studios or dressmaking

Anita Stewart  
 in "Her Mad Bargain"

shops for a few hours' work as a model. Fleeing from the persecutions of an undesirable artist she presents a charming picture in negligee as she bounces into the studio of David Leighton. David is a high minded young man, who decides to save Alice from herself; and since she won't accept aid from him he talks her into signing an unusual bargain by which she is to be surrounded with every comfort for the period of one year.

There's a price to be paid, but it's her life the young artist is after. That's all we can tell you about the plot without spoiling your enjoyment of a unique situation when you go to see the picture yourself.

#### Jackie Coogan at New Park

A fact that is not generally known to the public is that while dramatic photoplays are produced from a carefully worked out script, comedies generally are built up as they are filmed. That is, it is not feasible to work out a continuity and then follow it carefully, for so many fresh ideas pop into the heads of the stars, the directors or spectators during the filming of the picture that before it is finished it does not resemble in the least the original idea.

Charles Chaplin and Buster Keaton, First National stars are among the famous comedians who follow this rule.

And they have a close rival in little Jackie Coogan, the six-year-old world-beater, who will appear at the New Park theatre on Sunday for an engagement of three days in "My Boy" one of the most appealing pictures that has ever appeared on the silver sheet. In it Jackie plays the role of a little immigrant, who arrives in the United States an orphan and manages to make his way in the world without much trouble. This Associated First National attraction has been taking the country by storm.

#### Hoot a Cowboy for Many Years

In the San Fernando valley outside Los Angeles, on the very spot where Universal City now stands, in one of the first five-reel motion pictures ever made, Hoot Gibson, Universal star, did his first and last day's extra work in 1910. He was a member of Dick Stanley's congress of rough riders, which visited Los Angeles in that year. Although only sixteen years old, he possessed a reputation as a dare-devil of the saddle.

On the closing day of their show, the entire company of riders was hired by the Selig Polyscope Company to participate in "The Rustlers," a multiple reel venture which was filmed in a way that in those days were termed "pretentious." Out to the spot where Universal City was to rise under Carl Laemmle's direction in 1914, the troupe of horsemen went and enacted scenes for the picture. The first day Hoot was merely one of the riders. The second day he was picked out and given a bit to do.

In 1912 Gibson entered the big roundup at Pendleton, Oregon, and won the world's championship. The result of his years of training before the camera is apparent in "The Fire Eater," which is at the Lyceum theatre tonight only. Reeves Eason directed this Universal special attraction and Louise Lorraine plays the feminine lead.

#### To Capt. John Hughes and Texas Rangers

Thus reads the tribute Zane Grey pays to the Texas Rangers in dedicating his great novel "The Lone Star Ranger," to this body of brave men. He says:

"In the North and East there is a popular idea that the frontier of the West is a thing long past, and remembered now only in stories. As I think of this I remember Ranger Sitter while he grimly stroked an unhealed bullet wound. And I remember the giant Vaughn that typical son of stalwart Texas, sitting there quietly with his bandaged head, his thoughtful eye boding ill to the outlaw who had ambushed him. Only a few months have passed since then—when I had my memorable sojourn with you—and yet in that short time Russell and More have crossed the Divide, like Rangers.

"Gentlemen, I have the honor to dedicate this book to you, with the hope that it shall fall to my lot to tell the world the truth about a strange, unique and misunderstood body of men—the Texas Rangers—who made the great Lone Star state habitable, who never knew peaceful rest and sleep, who are passing, who surely will not be forgotten, and will some day come into their own."

"The Lone Star Ranger," a deluxe Fox picture based on the Zane Grey novel and starring William Farnum, will be shown at the Lyceum theatre Sunday matinee and night.

#### BRAINERD'S ODDER STORIES OF TODAY

For the Black Minorca man it will be a treat to hear of another victory for their hens. John Schmitz' flock of Minorca hens beat Ed Bowman's registered White Leghorn hens on the weight of dozen eggs, by 2½ ounces. Some people have the impression that Leghorn chickens take the cake for large eggs, but they have another guess coming. If there are any who do not believe this, just ask Mr. Bowman and be convinced.

This item was handed into the Dispatch and the editor of this "column" won't be convinced either way until the contestants bring in a dozen eggs each and let him eat his way to a decision.

#### CYCLONE DESTROYS SEVERAL HOUSES

(By United Press.)  
 Huntsville, Ala., March 31—Several houses were demolished by a cyclone which swept Clouds Cove, 25 miles south of here, according to meager reports reaching here.

There were no deaths reported. One man was injured when a bridge was struck.

Telegraph, telephone and transmission lines were down in the surrounding country.

#### Shoved Off.

The Chasseurs Alpins, those classy French fighting men who helped train the marines who first went to France, could never quite get accustomed to some of the marine corps lingo. One of the Blue Devils had learned the meaning of the sea-going phrase "shove-off," but when he had his first chance to use it he was—as the sayings—not there.

"Hey, French," said a Leatherneck, "have you seen our lieutenant around?"

"Oui, monsieur, oui," said the polli, struggling to remember the elusive phrase, "he have—what you call—pushed over."—The Leatherneck.

#### RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub made from red peppers, at any drug store. You will have the quick relief known.

#### DOMESTIC TROUBLES OF ST. PAUL BANKER ARE AIRED IN COURT

(By United Press.)  
 New York, March 31.—Frank P. Mortfort, retired St. Paul banker, today prepared to fight his wife's demands for increased separation allowance.

In her request she asks that the allowance be raised from \$48,000 a year to \$100,000. Mortfort told of how Mrs. Mortfort spent \$2,500 on cosmetics in eighteen months, and of how he had to spank her several months ago in Italy because of her acceptance of the attention of an Italian count.

#### BIGGEST CITY IN BAHAMAS HAS BIG FIRE

(By United Press.)  
 Nassau, Bahama Islands, March 30.—This city, Mecca for winter tourists and center of rum running activities, was partly in ruin today as the result of fire. The fire started in a laundry of the biggest tourist hotel here, the Colonial, and spread rapidly, forcing firemen to dynamite other buildings to save the city from destruction.

There were no casualties, and the fire was brought under control today.

#### JAPS WITHDRAW FROM SHANTUNG

(By United Press.)  
 Tokio, March 31.—Negotiations between Japan and China for the return of the Shantung railroad have been successfully concluded according to reports received here today from Peking.

As a result, it was expected that withdrawal of all Japanese troops from the Shantung peninsula would be completed by the last of April.

Plans for the withdrawal of the troops have been made for a considerable time.

#### Is Doubting Thomas No Longer

"All medicines and doctors for stomach trouble proved worthless in my case. Everybody recommended something else and nothing helped, so I became a doubting Thomas as to any cure. While in St. Louis a party praised Mayr's Wonderful Remedy so highly that I bought a bottle and I am now a doubting Thomas no longer." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and all leading druggists.

#### Arbuckle Trial

(By United Press.)  
 San Francisco, March 31.—Further details of the past life of Virginia Rappe, as the result of whose death Roscoe Arbuckle is charged with manslaughter, were shown at today's session of the Arbuckle trial.

The most impersonal testimony in this line so far developed was that of Mrs. Virginia Warren, Chicago nurse, who testified she attended Miss Rappe twice in Chicago during illness.

#### SALTS IN HOT WATER CLEARS PIMPLY SKIN

Says We Must Make Kidneys Clean the Blood and Pimples Disappear

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.
